

Evacuation/Emergency Supplies

Evacuation/Emergency Supplies

Emergency Supply Kit: During an emergency situation it is important to have an emergency kit with all necessary supplies on hand. It is also recommended to have an emergency supply kit for both your car and your home. Items that should be included are:

Essential Items

- Battery operated flashlight, lantern or hand crank flashlight
- Battery operated radio or hand crank radio
- NOAA Radio
- Extra Batteries
- Fully Charged Cell Phone
- Rain gear such as jackets, boots, and plastic ponchos, as well as a change of clothes.
- Enough food and water for 3 – 7 days in case of power outages
- Canned goods and other non-perishable foods
- Non-Electric can opener
- 1 gallon of water per person per day for 3-7 days
- Special needs of your infants and pets
- Personal care products
- Disinfectant wipes
- Hand sanitizer
- Toilet paper

First Aid Kit

- Bandages/Gauze
- Soap/Antiseptics
- Prescription medication/Over the Counter Medicines

Tools and Supplies

- Hammer
- Nails
- Duct Tape
- Roofing tar paper
- Tarps
- Plywood panels or other shielding materials or permanent shutters for windows and doors
- Plastic trash bags

Important Documents (in a sealable plastic bag)

- Cash
- Bank account information
- Credit card information
- Drivers license information
- Social security card
- Will
- Passport
- List of important contact numbers

Transportation

- Make sure one vehicle has a full tank of gas in case of evacuation
- Extra set of car keys
- A set of jumper cables

Other important information

- Keep any young children in mind. Have on hand entertainment such as books, puzzles, and games to help keep children occupied.
